

# COLREGS Revision Paper (Intermediate)

1. Two power-driven vessels are meeting head-on. What action must each take?

---

---

---

---

2. You hear one prolonged blast every two minutes in fog. What type of vessel is this most likely to be?

---

---

---

---

3. A sailing vessel is overtaking a power-driven vessel. Who must give way?

---

---

---

---

4. At night, you see a red sidelight and a white sternlight. What does this indicate about the other vessel's relative position?

---

---

---

---

5. You see a fishing vessel at night displaying red over white lights. What does this mean?

---

---

---

---

6. What is the correct sound signal for a vessel leaving a berth?

---

---

---

---

7. Rule 2 of the COLREGs covers "Responsibility." What key principle does this rule establish?

---

---

---

---

8. When approaching a narrow channel, what sound signal should you make to indicate you intend to overtake on the port side?

---

---

---

---

9. If you are the stand-on vessel in a crossing situation and the give-way vessel does not take action, what must you do?

---

---

---

---

10. You see three all-round red lights in a vertical line. What does this mean?

---

---

---

---
